Dear D. Antonio Cosano Pérez.

The World Lebanese Cultural Union (WLCU) Geographical Region Council (GRC) of Australia & New Zealand vehemently denounces the terrorist attack on the United Nations Interim Force in Lebanon (UNIFIL) soldiers on Sunday.

The WLCU would like to extend its condolences to your Excellency, the Spanish Government and to the families of the peacekeepers who died. Our thoughts and prayers are with them at this time.

The WLCU would also like to express its gratitude to all the peacekeepers serving in Lebanon. The WLCU appreciates the sacrifices that the peacekeepers are making especially since it is on foreign soil.

We would hope that there are no more attacks on any UNIFIL soldiers and civilians. We call upon the Lebanese authorities to find the perpetrators of this attack and to bring them to justice.

We would hope that this attack does not undermine UNIFIL's presence in the south of Lebanon.

Yours Sincerely,

Antoine Yacoub
President
